DETAILED ACTION

Allowable Subject Matter

1. Claims 18-24 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest individually or in combination the following:

if it is determined that a data element is necessary for restoration of the computing device to the pre-suspension state upon the computing device exiting the suspension mode, then selecting the data element for storage in non-volatile memory accessible to the computing device prior to entering the power suspension mode.

For these reasons claim 18 is deemed to be allowable over the prior art of record, and claims 19-24 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
